Project Experience

My personal Web site (Portfolio)

- I have developed this with using **html, css and JavaScript**. Then I hosted it from the **firebase**.
- **Tools & Technologies** : vs code | React | Html | Css | JavaScrip | Firebase

Online Pharmacy Ordering System

- This web application was developed for the 2nd-year 2nd-semester ITP Module Project.
- Known as "**REMEDI**". Specially developed for a pharmacy.
- **Tools & Technologies** : Mongo DB | React JS | Node JS | HTML & CSS

E-Commerce Cake Ordering App

- I have created a mobile application, that anyone can sell their cakes and anyone can buy cakes from this app.
- I have successfully implemented the both side.
- **Tools & Technologies** : Android Studio | Java | Adobe XD | Firebase

Online E-Commerce Web Application

- I have developed a web application that anyone can buy any products after registering to the application. Application has 2 main sides, client side & admin side.
- **Tools & Technologies** : Mongo DB | React JS | Node JS | HTML & CSS | Redux | Postmon | Azure | Selenium

Declaration I certify that the above facts are true and accurate, further if given the opportunity to work in your organization you can be assured that my Performance will be to the entire satisfaction of my superiors
